Dear Senator Magnuson:

This refers to the appointment of Prof. Norman Redlich to serve the Warren Commission.

Redlich's presence in this sensitive position is casting serious doubt on the integrity of the Commission and its work.

The Emergency Civil Liberties Committee ~~mission~~, of which Redlich is a member, is notorious for its pro-Communist legal work and its efforts to destroy our internal security laws.

If the Commission is to have the confidence of the American people it is essential that citizens of unquestioned repute be in its service. Professor Redlich does not meet this qualification.

I wonder if our dead President would approve this incredible appointment.

Sincerely,

Don E. Butler
